

Joint LEGATO-EUROLEGUME meeting Paris, France, 12 September 2014

A joint meeting between the two FP7-EU funded projects LEGATO and EUROLEGUME took place in Paris on 12 September 2014, with the objective to investigate possible interactions between both projects. The LEGATO Coordinator (Richard Thompson) and WP leaders and the EUROLEGUME Coordinator (Eduardo Rosa) and two of the WP leaders participated in the meeting.

After the presentation of both projects, several possible areas of exchange and collaboration between the two projects were identified and a table listing the possible interactions was developed and agreed. Agreements were also reached concerning the joint dissemination of projects results, such as: i) jointly organising the international conferences that both projects foresee to organise at the end of the project (2017), ii) addind a link to the other project in the respective web sites, and iii) launching joint publications.
